KORZO PALACKÉHO

The European Capital of Culture Trenčín 2026 has teamed up with the Trenčín na korze event to let you enjoy Palacký Street like never before. Car traffic for one day is replaced by shared experiences and encounters.

Why Palackého Street?

Palackého is a beautiful, but not very popular street, which is mainly used for transportation and parking. It is also due for reconstruction, but until that happens, let's try out for real to see how we could enjoy Palackého Street.
